Comm. Amdt. \_\_\_\_\_

**AMEND Senate Bill No. 3069\***

**House Bill No. 3541**

by deleting in its entirety the amendatory language of Section 1 and by substituting instead the following:

(k) The department is authorized to review possible dangers to children and workers in child care facilities from carbon monoxide gas and/or natural gas and to issue such rules and regulations as it may deem necessary. Further, the department is urged to consider whether the presence of detector devices in child care facilities should be considered in its environmental rating system for such facilities.
